WORK EXPERIENCE

TechRedy & IT Solutions, Nashik

Full-Stack Developer

Jan 2026 - Feb 2026

Worked as a Full Stack Developer in a startup environment, contributing to the development of dynamic web applications using the MERN stack. Built and maintained both frontend and backend features, including user authentication, REST APIs, and database integration. Collaborated with the team to improve application performance and user experience while gaining hands-on experience in real-world development workflows.

EDUCATION

Matoshri College of Engineering and Research Centre, Nashik

TE | Computer Engineering - 8.53

Feb 2026

Pursuing a degree in Computer Engineering with a strong focus on software development, data structures, and web technologies. Actively building practical skills through projects in MERN stack and exploring DevOps tools like Docker, Kubernetes, and CI/CD.

PROJECTS

KumbhStay [🔗](#)

Jun 2025 - Dec 2025

Developed a full-stack web platform for listing and managing travel destinations using Node.js, Express.js, MongoDB, and EJS. Implemented secure user authentication with Passport.js and built complete CRUD functionality for travel listings. Designed a responsive and user-friendly interface with dynamic content rendering, ensuring smooth data handling and seamless user experience.

MyStocks [🔗](#)

Jan 2026 - Mar 2026

Developed a full-stack web application to manage and track stock market investments using React.js, Node.js, Express.js, and MongoDB Atlas. Implemented features like real-time stock tracking, portfolio management, and performance analysis. Designed an interactive and responsive UI using MUI, enabling users to monitor investments and make informed financial decisions efficiently.

SKILLS

Frontend: HTML, CSS, JavaScript, React.js, MUI, GSAP

Backend: Node.js, Express.js

Database: MongoDB, MySQL

Programming Languages: Java, JavaScript

Tools & Technologies: Git, GitHub, REST APIs

DevOps (Learning): Docker, Kubernetes, CI/CD

CERTIFICATE

Full Stack Web Development Certification [🔗](#)

Successfully completed a comprehensive Full Stack Web Development course covering modern technologies including React.js, Node.js, Express.js, MongoDB, JavaScript, HTML, and CSS. Gained hands-on experience in building dynamic web applications, implementing REST APIs, and developing scalable full-stack projects.

AWARD

Technical Coding Event – Secured 2nd Position ACM | ACMW

Secured 2nd Rank in a technical coding competition organized by ACM & ACM-W at MCOERC, demonstrating strong problem-solving and coding skills.
